Location: 10/15/2017-A. VETOED
Summary: Current law establishes the Department of Housing and Community Development (HCD) and requires it to administer various housing programs. This bill would require HCD to administer a program to provide financing assistance, as specified, to a qualified school district, as defined, and to a qualified developer, as defined, for the creation of affordable rental housing for school employees, as defined. The bill would require a qualified school district and a qualified developer to apply for this financing assistance. The bill would require the State Department of Education and HCD to certify that a school district seeking a grant meets the definition of qualified school district, as provided.

Governor's Message: To the Members of the California State Assembly: I am returning Assembly Bill 45 without my signature. This bill establishes a new program under the Department of Housing and Community Development for the purpose of providing predevelopment grants and loans to developers for the creation of affordable rental housing for school district employees. I recently signed Senate Bill 2 into law which provides an ongoing funding source for housing. In the first year, SB 2 directs fifty percent of the funding to be made available to local governments for planning purposes. In subsequent years, seventy percent of the funding is directly allocated to local governments so they can address their own unique housing needs and fifteen percent of the funding will be targeted towards workforce housing through the California Housing Financing Authority. Rather than creating a new program at this time, I encourage the author to work with the local governments in his district and collaborate with the California Housing Financing Authority to maximize the funding in SB 2.
Sincerely, Edmund G. Brown Jr.

Last Amend: 9/7/2017

Status: 10/13/2017-Vetoed by Governor.

Location: 10/13/2017-A. VETOED

Summary: Would be known as the Asthma Preventive Services Program Act of 2017 and would include asthma preventive services, as defined, as a covered benefit under the Medi-Cal program. The bill would require the State Department of Health Care Services, in consultation with external stakeholders, to develop a coverage policy consistent with specified federal and clinically appropriate guidelines.

Governor's Message: To the Members of the California State Assembly: I am returning Assembly Bills 391 and 447 without my signature. These bills expand benefits in the Medi-Cal program, one for asthma preventative services and one for continuous glucose monitor medical devices. The Department of Health Care Services, however, has considerable administrative authority to make changes to benefits based upon new medical evidence and clinical guidelines. Therefore, these statutory changes are unnecessary. Sincerely, Edmund G. Brown Jr.

Summary: The Interagency School Safety Demonstration Act of 1985 requires school districts and county offices of education to be responsible for the overall development of comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive. Current law requires each school to review and update its comprehensive school safety plan by March 1 every year. Current law requires a new school campus to adopt a comprehensive school safety plan within 1 year

of initiating operation and to review and update that plan by March 1 every year thereafter. This bill would require a school to also post the comprehensive school safety plan on its Internet Web site, as specified. By adding to the duties of public schools, this bill would impose a state-mandated local program.

Summary: Current law requires a schoolsite council or a school safety planning committee comprised of specified members to write and develop a comprehensive school safety plan relevant to the needs and resources of a particular school, and exempts a small school district from this requirement if certain conditions are met. Current law authorizes a school district or county office of education to elect to have the portions of the plan that include tactical responses to criminal incidents to be developed by the administrators of the school district or county office of education in consultation with law enforcement officials. This bill would require the comprehensive school safety plan to be aligned with the school climate state priority and the local control and accountability plan.

Governor's Message: To the Members of the California State Assembly: I am returning Assembly Bill 1029 without my signature. This bill requires a school safety planning committee to include at least one person who is an expert in the social and emotional health of children and youth. Summary: Current law requires a public agency to comply with a request for school records without unnecessary delay before any meeting regarding an individualized education program. This bill would require a public agency, before any meeting regarding an individualized education program, to offer to provide to the parent copies of any available, completed school records related to the pupil's current levels of performance, and any available, completed assessment reports, if these records and reports are related to that meeting. The bill would require the public agency, if the parent requests those copies, to make them available to the parent at least 5 business days before the meeting.

Governor's Message: To the Members of the California State Assembly: I am returning Assembly Bill 1264 without my signature. This bill would require that a parent be offered copies of relevant school records and assessment reports at least five business days before a meeting regarding a student's Individualized Education Program under special education laws. This bill is unnecessary. The Notice of Procedural Safeguards, which is required under the Individuals with Disabilities Act, highlights parents' rights to request copies of relevant school records and reports and receive them within five business days of the request. This document is provided to parents the first time their child is referred for a special education assessment, when they ask for a copy, each time they are given an assessment plan to evaluate their child, upon receipt of their first state or due process complaint in a school year, and when the decision is made to make a removal that constitutes a change of placement. As a result, parents who wish to review these records and reports before an Individualized Education Program meeting can already do so. For this reason, I am returning AB 1264 without my signature. Sincerely, Edmund G. Brown Jr.

SB 138 (McGuire D) School meal programs: free and reduced-price meals: universal meal service.

Current Text: Chaptered: 10/12/2017 [Text](#)

Introduced: 1/13/2017

Last Amend: 8/21/2017

Status: 10/12/2017-Approved by the Governor. Chaptered by Secretary of State. Chapter 724, Statutes of 2017.

Location: 10/12/2017-S. CHAPTERED

Summary: Would, on or before September 1, 2018, require a school district or county superintendent of schools that has a very high poverty school, as defined, in its jurisdiction to apply to operate a federal universal meal service provision pursuant to specified federal law, and to begin providing breakfast and lunch free of charge through the universal meal service to all pupils at the very high poverty school upon state approval to operate that service. The bill would authorize a school district or county superintendent of schools to stop providing the universal free meal service at a school if the school ceases to be a very high poverty school.

Current Text: Vetoed: 10/15/2017 [Text](#)

Introduced: 1/23/2017

Last Amend: 9/8/2017

Status: 10/15/2017-Vetoed by the Governor. In Senate. Consideration of Governor's veto pending.

Location: 10/15/2017-S. VETOED

Summary: Would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above. This bill contains other existing laws.

Governor's Message: To the Members of the California State Senate: I am returning Senate Bill 169 without my signature. This bill would codify a combination of federal regulations and guidance on sexual harassment - some of which has been repealed, some of which is still in effect - as well as some language from model policies that have been developed by California universities. This is not a simple issue. Sexual harassment and sexual violence are serious and complicated matters for colleges to resolve. On the one side are complainants who come forward to seek justice and protection; on the

other side stand accused students, who, guilty or not, must be treated fairly and with the presumption of innocence until the facts speak otherwise. Then, as we know, there are victims who never come forward, and perpetrators who walk free. Justice does not come easily in this environment. That is why in 2014 I signed into law the first affirmative consent standard in the country for colleges to adopt in their sexual assault policies, so that clear and basic parameters for responsible behavior could be established. Yes Means Yes, along with its attendant preponderance standard, is the law in California, which only the courts or a future legislature can change. Since this law was enacted, however, thoughtful legal minds have increasingly questioned whether federal and state actions to prevent and redress sexual harassment and assault - well-intentioned as they are - have also unintentionally resulted in some colleges' failure to uphold due process for accused students. Depriving any student of higher education opportunities should not be done lightly, or out of fear of losing state or federal funding. Given the strong state of our laws already, I am not prepared to codify additional requirements in reaction to a shifting federal landscape, when we haven't yet ascertained the full impact of what we recently enacted. We have no insight into how many formal investigations result in expulsion, what circumstances lead to expulsion, or whether there is disproportionate impact on race or ethnicity. We may need more statutory requirements than what this bill contemplates. We may need fewer. Or still yet, we may need simply to fine tune what we have. It is time to pause and survey the land. I strongly believe that additional reflection and investment of time in understanding what is happening on the ground will help us exercise due care in this complex arena. I intend to convene a group of knowledgeable persons who can help us chart the way forward. Sincerely, Edmund G. Brown Jr.

Status: 9/25/2017-Approved by the Governor. Chaptered by Secretary of State. Chapter 280, Statutes of 2017.

Location: 9/25/2017-S. CHAPTERED

Summary: Current law establishes the Medi-Cal Children's Health Advisory Panel for the purpose of advising the Department of Health Care Services on matters relevant to all children enrolled in Medi-Cal and their families. Current law requires the department to pay a per-meeting stipend to each advisory panel member who is a Medi-Cal enrollee or parent of a Medi-Cal enrollee. This bill would revise the qualification criteria for the 3 panel positions filled by parent members described above to instead fill those positions with 3 members who are either Medi-Cal enrollees who have received Medi-Cal benefits or services in relation to a pregnancy, or who are a parent, foster parent, relative caregiver, or legal guardian of a Medi-Cal enrollee who is 21 years of age or younger.
